VACANCY

SOFTWARE DEVELOPER APPRENTICE

Nottingham

Job Information

- Location: **Nottingham**
- Salary: **£12,250 per year + .**
- Ref: **JO-2001-7206**
- Posted: **30th January 2020**

What we look for

- Passion for IT and Tech
- Digital Advocates
- Creativity
- Enthusiasm

Zapappi is a software development company, specialising in Cloud Telephony Services. A member of ITSPA (Internet Telephony Services Provider's Association), the current team are expanding and are ready to bring on board a Software Development Apprentice based in their offices a short distance from Nottingham town centre!

Working in a small team of 3 developers, the ideal apprentice would be someone who has a true passion for coding and is keen to learn and grow with the business.

Find out more about Zapappi on the company website; <https://www.zapappi.com/>

Salary, Hours & Benefits

- £12250 per annum
- Monday to Friday 9am-5 pm
- 20 days holiday entitlement (plus bank holidays)
- 45 minutes of lunch daily
- Regular team-building and social events

There are career progression opportunities available upon completion of the programme. You, along with your employer, may progress to a Level 4 programme, and take your training even further.

Roles & Responsibilities

- Dealing with support issues raised by customers
- Work with developers on implementing new features
- Diagnosing issues for customers and collecting information for senior developers
- Problem Solving and solution designing

Full support and guidance will be provided by both the employer and training provider throughout the apprenticeship.

Desired Skills & Competencies

- Experience of coding, ideally as a hobby
- Good communication skills
- Self-motivated
- Analytical and Problem Solving Skills
- Logical thinking skills
- Eager to learn
- GCSE Maths and English at grade C or above

Training to be Provided

If you are successful in securing this role, you will be enrolled in one of our apprenticeship programmes. Follow the link below for the programme applicable to this role:

<https://www.balticapprenticeships.com/apprentices/development-apprenticeships/software-development-technician>

We're always looking for enthusiastic people to add to our talent pool: at Baltic, we believe people are more than a list of skills, so even if you don't feel like you tick every box – get in touch with us! Our apprenticeships will teach you all the skills you need to succeed anyway!

Why choose an Apprenticeship?

Apprenticeships are a great way to get the qualifications and experience needed to start your career. Combining technical training with work experience, becoming an apprentice is the first step to a recognised career path. The digital sector will only continue to grow and an apprenticeship with Baltic will enable you to join this diverse, fast-moving and exciting industry, putting you at the forefront of tomorrow's world. If you're ready to earn more, start your apprenticeship with Baltic Training today, apply below.

About Baltic

Baltic Apprenticeships is one of the only apprenticeship training providers that offer a completely tech-focused, tech-driven training solution. We help people transform their knowledge and passion into skills that employers need.

If this sounds like the role for you, get in touch! Once we receive your application, one of our team will be in touch to help you with the next stage. In the meantime, if you want to get a head start on the other applicants, expand your knowledge with the links provided!
